

Westie Rescue and Placement of Northern California
“Forever homes for all Westies”

WRAP APPLICATION FOR ADOPTION

INTRODUCTION

Please complete the following application so that we may select the correct dog for you. All information is confidential. If fraudulent information is given or if your address or phone number are not given, this application will be ignored. If your mailing address is a PO Box, please also give your residence address.

We no longer accept adoption applications from potential out of state adopters since we are currently experiencing a high volume of adoption applications from California residents. However we will consider applications from former adopters who live in states that border California.

Most of the dogs that come into our rescue program are usually males between the ages of 3 to 8 years and we rarely have puppies. We urge you to give consideration to adopting an older dog (age 8 years or older).

Please be aware that many rescue dogs come with some form of baggage regarding health issues or behavior issues. Skin problems are very prevalent among Westies. Some of these dogs will require extra effort to be maintained in a healthy manner.

An adoption donation of \$500.00 - \$1,000.00 is required for each dog adopted. We would love to be able to charge less, however, rescuing dogs is very expensive to get all the needed vet care to ready them for adoption. Once a dog is adopted the dog becomes the financial responsibility of the adopter. Post adoption veterinarian visits may not be counted towards the adoption donation.

There is absolutely no guarantee expressed or implied that any person submitting this application will be selected to adopt a dog.

Please download or print, and electronically or manually complete and return this application to Westie Rescue And Placement of Northern California. You can either mail or email the completed application (both mailing address and email address appear on the last page).
